You want to keep in touch with the livestock interests of New Mexico; if you want to know what your neighbors in other parts of the state are doing, you should subscribe for NEW MEXICO RURALIST.

NEW MEXICO RURALIST is published by the Central Printing Company, publishers of the Albuquerque Evening Herald. It is edited by H. B. Henning, and a staff of men and women who know New Mexico as you know your own home.

NEW MEXICO RURALIST is the only paper published devoted exclusively to rural New Mexico, its livestock, wool, ranch and farm interests and industries. A page of state news, world news, war news; a page for women, a short story, five large pages of real live interesting news of ranch and farm life in New Mexico, all help to make it one of the strongest newspapers in the West.

Last week NEW MEXICO RURALIST went into 10,000 New Mexico homes. It is the largest paper in New Mexico. Its editors have had a close personal relationship with all parts of New Mexico for the past twenty years. It is not a local paper, but it is statewide. It is as interesting and as valuable to the man in San Juan or Eddy county, as to the man who lives two miles from Albuquerque.

## Newest Devices of Surgery For Our Wounded Soldiers

### Nitrous Oxide and Fluoroscope at Hand to Give American Wounded All Chance in World.

The best is none too good for the wounded American soldier. That is the Red Cross idea. The minute science finds an improvement in surgery it is adopted in the Red Cross army hospitals, which are models of up-to-the-minute completeness.

This fact is vividly emphasized in a recent news dispatch from Reginald Wright Kauffman, author of "The House of Bondage." Kauffman had been allowed to accompany a badly wounded friend into the operating room.

"Come on," said the interne; "your friend's in there. He's about played out; can't stand chloroform or ether. Got to give him nitrous oxide."

"I knew that for a patient whose resistance has been diminished the difference between the old anesthetics and this new one is frequently the difference between life and death, but I also knew that nitrous oxide is not on our army list and that no supplies existed a year ago in France."

"The Red Cross has put up a plant here," explained the interne. He opened a door. Bill lay on the operating

table, and the surgeons were at work. "They're after that abdominal wound," the interne told me. "They're working with the fluoroscope."

Above Bill's upturned feet and about a yard away stood an X-ray apparatus. Its flash piercing light fell on a disk of metal that an orderly held over Bill's bare waist. The violet rays passed through the disk and into the patient's abdominal cavity. The surgeon's eyes followed them through the metal and into the flesh. His knife plying fingers worked under the disk and deep in the wounded man's belly. He cut with that solid plate for a window.

"He can see what he's after before he gets started," my guide exclaimed, "and if he overlooks any shell fragments there is a magnetic contrivance that sounds a buzzer when he gets near them."

"It would be all right, they told me. Thanks to the fluoroscope and the nitrous oxide, a stay here under treatment and then a rest at one of the Red Cross convalescent camps by the seaside would fit Bill for a return to the trenches."

### EVERYONE MUST HELP.

Wars cannot be fought without money, and upon the Treasury centers every financial demand upon the Nation.

The rich of this country cannot alone meet the needs of the Nation; the men of the country cannot do it alone; the women of the country cannot do it alone; but all of us, the people of the United States, disregarding partisanship, forgetting selfish interests, thinking only of the supremacy of right and determining to vindicate the majesty of American ideals and secure the safety of America and civilization, can do the great and splendid work which God has called upon us to do.

W. G. McADOO,  
Secretary of the Treasury.

Jourd Claunch came in this week on a furlough. Jourd has been in the aviation service since last fall, stationed the greater part of the time in New York.

Miss Ula Edmiston, who has been visiting at Del Rio, Texas, is expected home tomorrow. She will be accompanied by her sister-in-law, Mrs. Maurice Edmiston.
